2020 Candidate Survey Responses

Do you support legislation that would legalize cannabis for adults 21+, and replace the current criminal market for cannabis with a safe, legal, taxed and regulated market?

Yes, I would be willing to sponsor a bill to end prohibition and create a regulated market.

Do you support allowing adults 21+ to cultivate cannabis in the privacy of their home?

Yes, I support this and would vote 'Yes' on a bill to allow for home cultivation.

The creation of a regulated cannabis market will divert millions of dollars from gangs and other criminal organizations.

Agree

Cannabis regulation helps deter access to cannabis by minors, by implementing enforcement mechanisms similar to alcohol, such as 'We Card' programs

Strongly Agree

Research shows cannabis is objectively less dangerous than alcohol and tobacco.
