Do you support legislation that would legalize cannabis for adults 21+, and replace the current criminal market for cannabis with a safe, legal, taxed and regulated market?

Yes, I support this and would vote ‘Yes’ on a bill to end prohibition and create a regulated market.

Do you support allowing adults 21+ to cultivate cannabis in the privacy of their home?

I am undecided and would like more information.

The creation of a regulated cannabis market will divert millions of dollars from gangs and other criminal organizations.

Strongly Agree

Agree

Research shows cannabis is objectively less dangerous than alcohol and tobacco.
